

---

## UI Libraries

A collection of UI Frameworks and their platform implementations.

Inspired by this HN thread.

### Contributing

If you would like to add libraries, please feel free to create a [PR](#) with the edits. Please *only open source, no paid libraries*. Also please try to keep the markdown consistent.

## Libraries by UI Kit

### Table of Contents

1. Material
2. Bootstrap
3. Fabric
4. Lightning Design System
5. Elastic
6. Foundation
7. Semantic
8. Tailwind
9. AntD
10. Miscellaneous

### Material

**Project Website:** <https://material.io/>

### Sketch

- Material Theme Editor
- sketch-material

- 
- material-kit

## **Photoshop**

- material-kit

## **Figma**

- Material Kit Figma

## **HTML/CSS**

- Material Design Lite

## **Wordpress**

- HESTIA

## **Angular**

- Angular Material

## **React**

- material-ui
- react-toolbox
- material-kit

## **React-Native**

- react-native-material-kit
- react-native-material-ui
- react-native-paper
- material-kit

---

## **Vue**

- vuetify
- vue-material
- material-kit

## **Bootstrap**

**Project Website:** <https://getbootstrap.com/>

## **HTML/CSS**

- Bootstrap

## **Angular**

- NG Bootstrap
- UI Bootstrap

## **React**

- react-bootstrap
- reactstrap
- Create-React-App Bootstrap Docs

## **Vue**

- bootstrap-vue

## **Fabric**

**Project Website:** <https://developer.microsoft.com/en-us/fabric>

---

## **Sketch**

- Fabric Design Sketch

## **Adobe XD**

- Fabric Design Adobe XD

## **HTML/CSS**

- Fabric Core
- Clippy JS

## **React**

- Fabric React

## **Lightning**

**Project Website:** <https://www.lightningdesignsystem.com/>

## **Sketch**

- Scroll down on this page

## **HTML/CSS**

- HTML/CSS

## **Angular**

- NG-Lightning

## **React**

- LDS for React

---

## **Elastic**

**Project Website:** <https://elastic.github.io/eui/#/>

## **Sketch**

- Download Link in Upper Right Corner

## **HTML/CSS**

- React

## **Foundation**

**Project Website:** <https://foundation.zurb.com/>

## **Angular**

- Angular Foundation

## **React**

- React Foundation

## **Semantic**

**Project Website:** <https://semantic-ui.com/>

## **React**

- semantic-ui-react

## **Angular**

- semantic-ui-angular

---

## **Ember**

- Semantic Install Instructions

## **Meteor**

- Semantic Install Instructions

## **Tailwind**

- Tailwind CSS
- Vue Tailwind

## **AntD**

## **React**

- Ant Design ### Vue
- Ant Design Vue

## **Miscellaneous**

## **HTML/CSS**

- Ataskit
- Clarity

## **CSS**

- Pure CSS
- Base CSS

---

## **Angular**

- Clarity
- Covalent
- PrimeNG

## **React**

- Office UI Fabric
- Atlaskit
- Ring
- Blueprint
- Lucid UI
- Base
- Evergreen
- Fannypack
- Reakit
- Dialog

## **Vue**

- Element
- AT UIKIT
- iView
