

## Applying for financial aid on coursera

### Everything between quotes you should change it

The image consists of two screenshots of the Coursera website, illustrating the steps to apply for financial aid for the 'Advanced Machine Learning Specialization' course.

**Top Screenshot:** The page shows the course title 'Advanced Machine Learning Specialization' highlighted with a red box. A red arrow points from this box to the text '1- The chosen course'. Below the course title, there is a button 'Enroll Starts Jul 12' and a section 'Try for Free: Enroll to start your 7-day full access free trial'. Within this section, the text 'Financial aid available' is highlighted with a red box, and a red arrow points from it to the text '2- Click here'. At the bottom of this section, it says '31,180 already enrolled!'.

**Bottom Screenshot:** This screenshot shows the same page but with a modal window open. The modal window has a blue icon of a graduation cap and the text 'Applications take at least 15 days to get reviewed'. Inside the modal, the text 'Continue to the application' is highlighted with a red box, and a red arrow points from it to the text '3- Click here'. Below this, it says 'for the course: Introduction to Deep Learning' and 'Or enroll and start learning today'.

### Why are you applying for Financial Aid? (150 words minimum required)

Hello, my name is “your name” and I live in “your country”, the country in development. I’m applying for Financial Aid for the course “Course name” because I do not have any special source of income and I don’t earn enough money and I can’t afford the full tuition at this time of my life and career. Receiving Financial Aid for this course will help me get valuable knowledge in “write your career neme like machine learening” , and i searching for a job from a long time for earning money for taking this course, and i not find yet, and the time goes on, and receiving financial aid will allow me to focus on my studies and by taking it to allow to take off a paid internship and can take another course in machine learning path . I want to invest in my career and my education, but at this moment I can only invest my time to increase my knowledge and advance in my career and not the money. Hopefully this will change in the upcoming years because I’m ambitious, I want to increase my programming knowledge and new technologies, I’m eager to work and to advance in my career.

### How will taking this course help you achieve your career goals? (150 words minimum required)

I have a solid background in “math and algorithms and problem-solving skills”, so i eager to learn “machine learning” and that’s the course the first step to me to making good projects that help the humanity for an easy life and solve the big problem. My main career goal is to learn every day, i really

---

want to learn and to progress in my career. “Programming” requires constant learning and improving, taking a course can help me advance in my knowledge.

I plan on gaining additional skills by taking related classes and continuing my involvement with a variety of professional associations and I noticed that there a lot of company provides in internship and jobs in the related filled, and I would certainly be interested in taking it and improving my self to be on of the pioneer of “machine learning and deep learning.” There are many opportunities in this field that the candidate can join but must have good knowledge to join these opportunities, so I see that this course with good tutorials and exercises to join me in the world’s largest companies and creativity in this area

**If you answered no, please help us understand why.?**

Because there are alot of developing countries the average rate of income is low and not enough personal needs for home so it isn’t enough to get paid courses, and we need a lot of free courses for learning and improving ourselves and hlep the humanity and society.
